

About Blackarrow Conferences

Blackarrow Conferences is a leading conference and training organizer which specializes in professional high level business conferences targeted at senior management in a number of industry sectors. Founded in 2010, the company now produces some of the best Indian conferences & also helps organise strategic conferences for leading International Conference Producers who are looking to foray into the Indian market. The company's revenues are generated from clients from the majority of India's top 1000 companies. Our network of international & domestic partners provides quick solutions for any company's business intelligence & networking needs. The company maintains the highest standards of quality in research, analysis and execution. Our commitment to service and quality are the basis for our reputation as one of India's leading provider of business intelligence. Blackarrow Conferences has a first class network of the top associations & media partners in India which are used to market our conferences. The company works with an unrivalled database of the top executives in India.

Industry Partners

Blackarrow Conferences has a stringent network of India's top leading associations who are regularly supported our conferences. Some of these associations include:

Industry Verticals

Blackarrow Conferences has been actively producing events in the following industry verticals - Real Estate | Infrastructure | Construction | Information Tech (IT) | ITES | IT Security | Pharmaceutical | Business Analysis | Project Management

Services Offered

We cater to complete conference/training production starting from conceptualization, planning, design, programming, partnering, media tieups, sponsorships, delegate acquisitions, event logistics, AV setup, venue handling & hosting.
